

Lagos Promise — 100 Pledges

Current position stated in the document vs. incoming administration promise

Source basis: The Lagos Promise document supplied for this analysis. The “current position” column reflects what the document states and is not an independent audit.

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
1	People First	Our Health, Our Dignity	The document says Lagos has specialised health agencies, public hospitals and PHCs, Ilera Eko health insurance, ambulance services, public-health laws and a large private health market; it also says public facilities handle up to 20m orthodox visits/year, while out-of-pocket spending remains a problem.	Drive malaria below 1 per cent toward pre-elimination, cut maternal mortality to 200 per 100,000, lift Non Communicable Diseases (NCD) screening to 90 per cent, and open community mental health units in all 5 divisions by 2031	Commitment
2	People First	Our Health, Our Dignity	The document says Lagos has specialised health agencies, public hospitals and PHCs, Ilera Eko health insurance, ambulance services, public-health laws and a large private health market; it also says public facilities handle up to 20m orthodox visits/year, while out-of-pocket spending remains a problem.	Make every grade of care available in Lagos and reverse outbound medical tourism, through Lagos Cancer Diagnosis Centre Ikeja (LAG-CDI), Medipark, Massey, Odan, Ketu-Ejirin and the wider specialist network.	Aspiration
3	People First	Our Health, Our Dignity	The document says Lagos has specialised health agencies, public hospitals and PHCs, Ilera Eko health insurance, ambulance services, public-health laws and a large private health market; it also says public facilities handle up to 20m orthodox visits/year, while out-of-pocket spending remains a problem.	Reach 9,000 doctors, open 2 new General Hospitals, increase the total number of flagship Primary Health Care Centres (PHC) to 120 by 2031. Increase the Maternal and Child Centres to 15 by 2031	Commitment
4	People First	Our Health, Our Dignity	The document says Lagos has specialised health agencies, public hospitals and PHCs, Ilera Eko health insurance, ambulance services, public-health laws and a large private health market; it also says public facilities handle up to 20m orthodox visits/year, while out-of-pocket spending remains a problem.	Expand Ilera Eko coverage to 30 per cent, stand up the single-umbrella Health Systems Strengthening Window, advance drug and vaccine sovereignty through Lagos State Essential Medicines (Drug) Agency (LASEMDA) and Lagos State Medical Industries and Innovation Zone (LASMIIZO), and continue to improve health-sector expenditure.	Commitment
5	People First	Our Health, Our Dignity	The document says Lagos has specialised health agencies, public hospitals and PHCs, Ilera Eko health insurance, ambulance services, public-health laws and a large private health market; it also says public facilities handle up to 20m orthodox visits/year, while out-of-pocket spending remains a problem.	Some of our General Hospitals will be expanded to cater to the rising population, Alimosho General Hospital, Odan General Hospital, Ikorodu General Hospital are examples of these General Hospitals that will be expanded by up to 50% by 2031	Commitment
6	People First	The Lagos Mind	The document says Lagos has EKOEXCEL in about 1,028 public primary schools reaching around 500,000 pupils, teacher retraining, and a higher-education/skills platform including LASU, LASUSTECH, LASUMHS, LASUED, LASTVEB and LSETF.	Deepen EKOEXCEL across all public primary schools and extend it into secondary education, so every Lagos child continues to read, write, reason in an organized and measurable way	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
7	People First	The Lagos Mind	The document says Lagos has EKOEXCEL in about 1,028 public primary schools reaching around 500,000 pupils, teacher retraining, and a higher-education/skills platform including LASU, LASUSTECH, LASUMHS, LASUED, LASTVEB and LSETF.	Align technical and vocational training with the real economy and scale the AI Workforce Transformation Programme, so skills lead to work. Complete Meiran Technical College and build an additional two at Ibeju Lekki and Badagry.	Aspiration
8	People First	The Lagos Mind	The document says Lagos has EKOEXCEL in about 1,028 public primary schools reaching around 500,000 pupils, teacher retraining, and a higher-education/skills platform including LASU, LASUSTECH, LASUMHS, LASUED, LASTVEB and LSETF.	Strengthen the universities and the research base, and renew the teachers, trainers and lecturers who carry the system	Aspiration
9	People First	The Lagos Mind	The document says Lagos has EKOEXCEL in about 1,028 public primary schools reaching around 500,000 pupils, teacher retraining, and a higher-education/skills platform including LASU, LASUSTECH, LASUMHS, LASUED, LASTVEB and LSETF.	Guarantee every child in every division a fair start, whatever his or her parents income, language or ability. Hence reducing out of school children significantly	Aspiration
10	People First	Safe Communities	The document says Lagos has the Lagos State Security Trust Fund, the Neighbourhood Safety Agency with 6,000+ community officers, specialised units, survivor-support institutions and established 767/112 emergency lines.	Extend the Neighbourhood Safety Agency into every locality across the 20 local governments and 37 council development areas	Commitment
11	People First	Safe Communities	The document says Lagos has the Lagos State Security Trust Fund, the Neighbourhood Safety Agency with 6,000+ community officers, specialised units, survivor-support institutions and established 767/112 emergency lines.	Scale CACCOV across schools, markets, motor parks and faith communities, so the strongest safety outcome is the crime that never happens	Commitment
12	People First	Safe Communities	The document says Lagos has the Lagos State Security Trust Fund, the Neighbourhood Safety Agency with 6,000+ community officers, specialised units, survivor-support institutions and established 767/112 emergency lines.	Answer every safety complaint against a published standard of 24-hour acknowledgement, 7-day response and 30-day resolution	Commitment
13	People First	Safe Communities	The document says Lagos has the Lagos State Security Trust Fund, the Neighbourhood Safety Agency with 6,000+ community officers, specialised units, survivor-support institutions and established 767/112 emergency lines.	Expand the Sexual Assault Referral Centre network across every IBILE division, with survivor-centred care	Commitment
14	People First	Citizen Service	The document says Lagos has Citizens Gate, LASRRA, the Citizens' Mediation Bureau, the Office of the Public Defender, the Public Complaints Commission, 20 LGAs and 37 LCDAs; however, services remain fragmented.	Establish a satellite secretariat in Badagry, Ikorodu, Lagos Island and Epe, so that a resident is served in their own division rather than always travelling to Ikeja	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
15	People First	Citizen Service	The document says Lagos has Citizens Gate, LASRRA, the Citizens' Mediation Bureau, the Office of the Public Defender, the Public Complaints Commission, 20 LGAs and 37 LCDAs; however, services remain fragmented.	Acknowledge every citizen's complaint within 24 hours, provide an initial response within 7 days, and resolve routine matters within 30 days through the Citizens' Hamzat Compact Voice	Commitment
16	Renewal	Building Greater Lagos	The document says Lagos already has a major road and bridge network, two operating rail lines, BRT corridors, ferry terminals, Lekki Deep Sea Port and the Lagos-Calabar Coastal Highway, but average journeys exceed an hour and junctions account for much congestion.	Rehabilitate the state road network and restore the bridge stock to a published standard, so Lagosians drive on roads that hold and cross bridges that endure	Commitment
17	Renewal	Building Greater Lagos	The document says Lagos already has a major road and bridge network, two operating rail lines, BRT corridors, ferry terminals, Lekki Deep Sea Port and the Lagos-Calabar Coastal Highway, but average journeys exceed an hour and junctions account for much congestion.	Run a standing junction improvement programme, starting with ten named priority sites, and restore traffic signals statewide within the first year	Commitment
18	Renewal	Building Greater Lagos	The document says Lagos already has a major road and bridge network, two operating rail lines, BRT corridors, ferry terminals, Lekki Deep Sea Port and the Lagos-Calabar Coastal Highway, but average journeys exceed an hour and junctions account for much congestion.	Complete the Blue Line to Okokomaiko and link the Red Line and Blue Line at the National Theatre, Iganmu.	Commitment
19	Renewal	IMOLE: The Lagos Power Promise	The document says Lagos has laid groundwork through embedded power, renewable projects, Solar Villages, the Electricity Act 2023, Lagos electricity legislation/LASERC and improved metering; it argues generation and reliable supply remain insufficient.	Increase grid power into households from 1,000 megawatts to about 3,500 by 2031	Aspiration
20	Renewal	IMOLE: The Lagos Power Promise	The document says Lagos has laid groundwork through embedded power, renewable projects, Solar Villages, the Electricity Act 2023, Lagos electricity legislation/LASERC and improved metering; it argues generation and reliable supply remain insufficient.	Stand up LASERC and a phased Lagos electricity market in 4 dated stages, in partnership with EKEDC and Ikeja Electric	Commitment
21	Renewal	IMOLE: The Lagos Power Promise	The document says Lagos has laid groundwork through embedded power, renewable projects, Solar Villages, the Electricity Act 2023, Lagos electricity legislation/LASERC and improved metering; it argues generation and reliable supply remain insufficient.	Expand embedded generation in the industrial parks and carry the Solar Villages legacy into a statewide renewable and mini-grid pathway. 57	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
22	Renewal	Water Infrastructure, Treatment and Distribution	The document says Lagos has the Lagos Water Corporation, LASWARCO, Wastewater Management Office and major/mini/micro waterworks, including work around Akute and the Iju-Adiyan system, but LWC reaches only about 35% of metropolitan Lagos.	Expand treatment through Adiyan Phase II and rehabilitate the waterworks, so 6 million more Lagosians have clean water every day	Commitment
23	Renewal	Water Infrastructure, Treatment and Distribution	The document says Lagos has the Lagos Water Corporation, LASWARCO, Wastewater Management Office and major/mini/micro waterworks, including work around Akute and the Iju-Adiyan system, but LWC reaches only about 35% of metropolitan Lagos.	Improve the Lagos Water Regulatory Commission to hold quality, tariff and service to account	Commitment
24	Renewal	Water Infrastructure, Treatment and Distribution	The document says Lagos has the Lagos Water Corporation, LASWARCO, Wastewater Management Office and major/mini/micro waterworks, including work around Akute and the Iju-Adiyan system, but LWC reaches only about 35% of metropolitan Lagos.	Deliver water at a tariff the working household can afford, through the Water and Sanitation Window	Commitment
25	Renewal	ILE MIMO: The Clean Ground Promise	The document says Lagos has invested substantially in drainage and begun shifting waste management toward a circular economy, but waste collection does not yet reach every part of the state and blocked drains/flooding remain linked problems.	Reach 95% waste-collection coverage by 2030 through the 5-tier community system, with 4 transfer stations, 1 material recovery facility and 1 waste-to- energy facility	Commitment
26	Renewal	ILE MIMO: The Clean Ground Promise	The document says Lagos has invested substantially in drainage and begun shifting waste management toward a circular economy, but waste collection does not yet reach every part of the state and blocked drains/flooding remain linked problems.	Sustain the primary and secondary drainage programme and the Emergency Flood Abatement Gang (EFAG)	Commitment
27	Renewal	ILE MIMO: The Clean Ground Promise	The document says Lagos has invested substantially in drainage and begun shifting waste management toward a circular economy, but waste collection does not yet reach every part of the state and blocked drains/flooding remain linked problems.	Protect the coast and the low-lying communities through the Climate Action and Resilience Plan and early-warning cooperation, so households stay dry in the rains. We will bring the waste pickers inside the system. They are already doing this work. We will formalise, protect and integrate them, with the training and equipment that makes it safe	Commitment
28	Opportunity	Enterprise, Industry and Trade	The document says Lagos ranks first nationally on ease of doing business in PEBEC's 2025 assessment; LASMECO provides finance, the Export Readiness Programme supports exporters, Trade Champions are deployed, and an Industrial Policy identifies four industrial parks, while formalisation remains limited.	Grow annual investment from about 1 trillion naira toward 5 trillion naira by 2031 through the Invest in Lagos platform and its Deal Book	Aspiration

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
29	Opportunity	Enterprise, Industry and Trade	The document says Lagos ranks first nationally on ease of doing business in PEBEC's 2025 assessment; LASMECO provides finance, the Export Readiness Programme supports exporters, Trade Champions are deployed, and an Industrial Policy identifies four industrial parks, while formalisation remains limited.	Scale formal MSMEs from about 120,000 toward 1 million by 2031, backed by the LASMECO 10-billionnaira finance programme and a formalisation pipeline	Aspiration
30	Opportunity	Enterprise, Industry and Trade	The document says Lagos ranks first nationally on ease of doing business in PEBEC's 2025 assessment; LASMECO provides finance, the Export Readiness Programme supports exporters, Trade Champions are deployed, and an Industrial Policy identifies four industrial parks, while formalisation remains limited.	Deliver the 4 industrial parks at Epe, Badagry, Ikorodu and Ojo under the Industrial Policy 2025 to 2030	Commitment
31	Opportunity	Enterprise, Industry and Trade	The document says Lagos ranks first nationally on ease of doing business in PEBEC's 2025 assessment; LASMECO provides finance, the Export Readiness Programme supports exporters, Trade Champions are deployed, and an Industrial Policy identifies four industrial parks, while formalisation remains limited.	Guarantee a 50 per cent women-led floor across every commerce programme.	Commitment
32	Opportunity	Feeding Lagos	The document says Lagos has begun food-system interventions through LAFSINCO, Produce-for-Lagos, the Lagos Bulk Food Company, Ekolog logistics, the Imota Rice Mill, Ounjé Eko and farmer support, but food self-sufficiency remains low.	Raise food self-sufficiency from about 5 per cent through local production, aquaculture and backward integration with the Nigerian agricultural base	Aspiration
33	Opportunity	Feeding Lagos	The document says Lagos has begun food-system interventions through LAFSINCO, Produce-for-Lagos, the Lagos Bulk Food Company, Ekolog logistics, the Imota Rice Mill, Ounjé Eko and farmer support, but food self-sufficiency remains low.	Operationalise the 420-hectare Lagos Food Logistics Hub and the cold-chain network to cut post-harvest loss	Commitment
34	Opportunity	Feeding Lagos	The document says Lagos has begun food-system interventions through LAFSINCO, Produce-for-Lagos, the Lagos Bulk Food Company, Ekolog logistics, the Imota Rice Mill, Ounjé Eko and farmer support, but food self-sufficiency remains low.	Sustain the Produce-for-Lagos offtake guarantee and the Bulk Food Company, so the Lagos plate stays full and affordable. Increase the number of mid-level fresh food hubs to all the main 20 Local Governments. Triple output in the Imota Rice ecosystem and significantly expand food storage capacity.	Commitment
35	Opportunity	Maritime and the Blue Economy	The document says Lagos has 180 km of Atlantic frontage, an extensive lagoon/inland-waterway system, the Lekki Deep Sea Port, LASWA, expanded ferry infrastructure and OMI EKO; it says the water-transport market remains underdeveloped.	Expand the LASWA ferry network and the OMI EKO partnership across the inland waterways	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
36	Opportunity	Maritime and the Blue Economy	The document says Lagos has 180 km of Atlantic frontage, an extensive lagoon/inland-waterway system, the Lekki Deep Sea Port, LASWA, expanded ferry infrastructure and OMI EKO; it says the water-transport market remains underdeveloped.	Build a Lagos seafarer development pathway with the Maritime Academy and the federal regulators, so that Lagosians are trained, certified, given sea time and placed on international vessels	Commitment
37	Opportunity	Maritime and the Blue Economy	The document says Lagos has 180 km of Atlantic frontage, an extensive lagoon/inland-waterway system, the Lekki Deep Sea Port, LASWA, expanded ferry infrastructure and OMI EKO; it says the water-transport market remains underdeveloped.	Retain maritime, shipping and marine-services value in the Lagos economy. Deepen the aquaculture and fisheries base along the frontage and lagoon, feeding the state	Aspiration
38	Opportunity	The Lagos Stage and Culture	The document says Lagos is a major centre for Nollywood, music and fashion, with substantial heritage assets and festivals including Eyo and Gelede, and has a Lagos tourism/cultural institutional base.	Build the Lagos Creative Economy Window and the infrastructure that grows Nollywood, music and fashion into a paying creative economy	Commitment
39	Opportunity	The Lagos Stage and Culture	The document says Lagos is a major centre for Nollywood, music and fashion, with substantial heritage assets and festivals including Eyo and Gelede, and has a Lagos tourism/cultural institutional base.	Protect the heritage inventory and run a structured Lagos Cultural Calendar around the Eyo and Gelede festivals	Commitment
40	Opportunity	The Lagos Stage and Culture	The document says Lagos is a major centre for Nollywood, music and fashion, with substantial heritage assets and festivals including Eyo and Gelede, and has a Lagos tourism/cultural institutional base.	Strengthen the Lagos Tourism Board and turn the cultural inheritance into a visitor economy.	Commitment
41	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Train one million youths in 4 years in different technology, skills, which will be matched with jobs	Commitment
42	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Expand statewide fibre and open-access infrastructure and lower broadband costs, connecting schools, hospitals, hubs and underserved communities	Commitment
43	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Make Lagos the best place in Africa to build a company, through LASRIC finance and a First-Buyer Government Innovation Policy	Aspiration

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
44	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Stand up the cyber-security centre and the data governance framework, retain public value locally, and make Lagos a producer of technology	Commitment
45	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Direct 10 per cent of government procurement toward Lagos-developed innovations through the Lagos First-Buyer Policy, so that the state is the first customer of the companies	Commitment
46	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Make Lagos State Science, Research and Innovation Council (LASRIC) a full innovation agency with matching grants, research commercialisation support and published performance outcomes, underpinned by a Lagos State Innovation Bill and a regulatory sandbox	Commitment
47	Opportunity	IMO: Future Ready Lagos	The document says Lagos has a fast-growing technology ecosystem, LASRIC, a digital/innovation base and existing technology programmes, but argues the state should move from consuming technology to producing it and retain more value locally.	Establish a Lagos Patent Bank within the Promise period, working to World Intellectual Property Organization frameworks, so that intellectual property created in Lagos is owned in Lagos. We will treat citizen data as sovereign. A Lagos State Cybersecurity Centre and a data-governance framework that protects citizen data and state systems as a matter of sovereignty.	Commitment
48	Opportunity	The Lagos Treasury	The document says Lagos has a consolidated fiscal architecture, strong internally generated revenue, a published Citizens Budget, borrowing discipline and links to the Lagos State Development Plan, while the next phase is framed around deeper fiscal discipline and transparency.	Deepen the Internal Revenue Service and grow Internally Generated Revenue by expanding the tax net without increasing taxes to keep Lagos fiscally independent	Commitment
49	Opportunity	The Lagos Treasury	The document says Lagos has a consolidated fiscal architecture, strong internally generated revenue, a published Citizens Budget, borrowing discipline and links to the Lagos State Development Plan, while the next phase is framed around deeper fiscal discipline and transparency.	Spend with discipline: every major project passes a cost-and-benefit test before money is released; budgets are planned over several years against the Development Plan to 2052.	Commitment
50	Opportunity	The Lagos Treasury	The document says Lagos has a consolidated fiscal architecture, strong internally generated revenue, a published Citizens Budget, borrowing discipline and links to the Lagos State Development Plan, while the next phase is framed around deeper fiscal discipline and transparency.	Keep every named instrument inside the consolidated Lagos Treasury, with one audit and one Citizens' Observatory.	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
51	Machinery of Government	ADEHUN: The Lagos Compact	The document says Lagos has 20 constitutional LGAs, 37 LCDAs, a large public-service network, the Council of Obas and Chiefs, and a Local Government Administration Law 2025; it identifies fragmented cross-government problem-solving as a weakness.	Deliver a merit-based, performance-driven, technology-enabled public- service reform	Commitment
52	Machinery of Government	ADEHUN: The Lagos Compact	The document says Lagos has 20 constitutional LGAs, 37 LCDAs, a large public-service network, the Council of Obas and Chiefs, and a Local Government Administration Law 2025; it identifies fragmented cross-government problem-solving as a weakness.	Operationalise the 6-node Hamzat Compact across every chapter of this PROMISE	Commitment
53	Machinery of Government	ADEHUN: The Lagos Compact	The document says Lagos has 20 constitutional LGAs, 37 LCDAs, a large public-service network, the Council of Obas and Chiefs, and a Local Government Administration Law 2025; it identifies fragmented cross-government problem-solving as a weakness.	Deepen cooperative engagement with the Lagos State Council of Obas and Chiefs across every division	Commitment
54	Machinery of Government	ADEHUN: The Lagos Compact	The document says Lagos has 20 constitutional LGAs, 37 LCDAs, a large public-service network, the Council of Obas and Chiefs, and a Local Government Administration Law 2025; it identifies fragmented cross-government problem-solving as a weakness.	Set up the Lagos State Economic Council, with the Governor and members of the State Executive Council regularly meeting Local Government and LCDA chairmen for synergy and peer review.	Commitment
55	Machinery of Government	Lagos Justice	The document says Lagos has the Citizens' Mediation Bureau, Office of the Public Defender, Lagos Multi-Door Courthouse, Justice Reform Summit, DNA Forensic Centre and forensic infrastructure, but Magistrates' Court jurisdiction remains ₦10m, caseloads exceed capacity and legal aid does not reach every community.	Raise the civil jurisdiction of the Magistrates' Courts from ₦10 million to ₦50 million, expand the Magistrates' Court estate across the divisions, and invest in the welfare and resourcing of the magistracy	Commitment
56	Machinery of Government	Lagos Justice	The document says Lagos has the Citizens' Mediation Bureau, Office of the Public Defender, Lagos Multi-Door Courthouse, Justice Reform Summit, DNA Forensic Centre and forensic infrastructure, but Magistrates' Court jurisdiction remains ₦10m, caseloads exceed capacity and legal aid does not reach every community.	Extend legal aid through the Office of the Public Defender and the Citizens' Mediation Bureau across every division	Commitment
57	Machinery of Government	Lagos Justice	The document says Lagos has the Citizens' Mediation Bureau, Office of the Public Defender, Lagos Multi-Door Courthouse, Justice Reform Summit, DNA Forensic Centre and forensic infrastructure, but Magistrates' Court jurisdiction remains ₦10m, caseloads exceed capacity and legal aid does not reach every community.	Deepen the DNA Forensic Centre, the Sexual Assault Referral Centre forensics and the cyber-forensic architecture.	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
58	Machinery of Government	Digital Government and the Citizen Interface	The document says digital reform has changed land administration, planning approvals, healthcare, payments and traffic management, and LASRRA has registered 7.2m+ residents; however, government still appears as separate processes and often asks citizens for information it already holds.	Hold Lagos digital government to the standard of the leading digital governments, with published delivery dashboards.	Commitment
59	Machinery of Government	The Hamzat Compact	The document says Lagos already has an Auditor-General, Public Accounts Committee, Bureau of Statistics, Office of Civic Engagement, resident registration, Citizens Budget and Open Government Partnership reforms, but argues accountability needs to become easier for citizens to verify.	Publish a Service Charter for every Ministry, Department and Agency, with service standards and response times.	Commitment
60	Inclusion	Obinrin Èkó: Women and Gender	The document says women are highly represented in the informal commercial sector but face a disproportionate funding gap; existing economic and social programmes provide a base, while the document identifies safety, agency and participation gaps.	Deepen the Domestic and Sexual Violence Agency and the Family Support Units, so every Lagos woman is safe in the home, the workplace, the school and the street	Commitment
61	Inclusion	Obinrin Èkó: Women and Gender	The document says women are highly represented in the informal commercial sector but face a disproportionate funding gap; existing economic and social programmes provide a base, while the document identifies safety, agency and participation gaps.	Scale women-led enterprise through the ₦10 billion LASMECO window and the Employment Trust Fund, with a 50 per cent women-led floor at 0.1.	Commitment
62	Inclusion	Omó Èkó: Youth and Sport	The document says Lagos has the Employment Trust Fund, Graduate Internship Placement Programme and KeepFit Lagos, but sports infrastructure has not kept pace and too many young people lack a pathway into employment.	Deliver youth employment and entrepreneurship through the Graduate Internship Placement Programme and the Lagos State Employment Trust Fund	Commitment
63	Inclusion	Omó Èkó: Youth and Sport	The document says Lagos has the Employment Trust Fund, Graduate Internship Placement Programme and KeepFit Lagos, but sports infrastructure has not kept pace and too many young people lack a pathway into employment.	Continue the renewal of stadia and sports infrastructure while building grassroots sport across every division.	Commitment
64	Inclusion	Iyí Èkó & Àgbà Èkó: Dignity, Universal Access, and Elders	The document says Lagos has the Lagos State Special Peoples Law 2011 and LASODA, but most public buildings were designed before accessibility requirements and have not been fully retrofitted; it also highlights the growing older population.	Strengthen the Lagos State Office for Disability Affairs and the disability-rights legislative pipeline	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
65	Inclusion	Iyì Èkó & Àgbà Èkó: Dignity, Universal Access, and Elders	The document says Lagos has the Lagos State Special Peoples Law 2011 and LASODA, but most public buildings were designed before accessibility requirements and have not been fully retrofitted; it also highlights the growing older population.	Build universal design into every public asset and the transport system	Commitment
66	Inclusion	Iyì Èkó & Àgbà Èkó: Dignity, Universal Access, and Elders	The document says Lagos has the Lagos State Special Peoples Law 2011 and LASODA, but most public buildings were designed before accessibility requirements and have not been fully retrofitted; it also highlights the growing older population.	Deliver healthy ageing programmes and ensure the delivery of pension and welfare services	Commitment
67	Inclusion	The Protection of Every Lagos Child	The document says Lagos has the Child's Rights Law 2007, but child-protection functions are split across several agencies, creating a system that often arrives after a crisis rather than through a single preventive pathway.	Establish a dedicated legal entity with a named executive accountable for the protection of every child in Lagos	Commitment
68	Inclusion	The Protection of Every Lagos Child	The document says Lagos has the Child's Rights Law 2007, but child-protection functions are split across several agencies, creating a system that often arrives after a crisis rather than through a single preventive pathway.	Stand up a co-located multi-agency safeguarding hub with one 24-hour intake and joint assessment within 48 hours	Commitment
69	Inclusion	The Protection of Every Lagos Child	The document says Lagos has the Child's Rights Law 2007, but child-protection functions are split across several agencies, creating a system that often arrives after a crisis rather than through a single preventive pathway.	Audit every child-care institution and school annually, and require criminal background checks.	Commitment
70	Inclusion	The Inclusive Informal Economy	The document says millions earn outside the formal economy; micro and small enterprises account for a large share of employment, but informal workers face gaps in affordable finance, functioning markets and a regulatory environment suited to small businesses.	Make formalizing an advantage through the Business Formalization Incentive and a one-stop registration route	Commitment
71	Inclusion	The Inclusive Informal Economy	The document says millions earn outside the formal economy; micro and small enterprises account for a large share of employment, but informal workers face gaps in affordable finance, functioning markets and a regulatory environment suited to small businesses.	Confront the levies that fall hardest on petty traders and micro-enterprises	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
72	Inclusion	The Inclusive Informal Economy	The document says millions earn outside the formal economy; micro and small enterprises account for a large share of employment, but informal workers face gaps in affordable finance, functioning markets and a regulatory environment suited to small businesses.	Modernize market infrastructure, sanitation and safety	Commitment
73	Inclusion	One Lagos	The document says Lagos is highly cosmopolitan and already has state-wide institutions and programmes, but argues delivery must be demonstrated division by division so that no community is invisible.	Protect the cultural, ethnic and faith pluralism that defines Lagos	Aspiration
74	Inclusion	One Lagos	The document says Lagos is highly cosmopolitan and already has state-wide institutions and programmes, but argues delivery must be demonstrated division by division so that no community is invisible.	Reach the lagoon-side, riverine and informal-settlement communities with the full PROMISE	Commitment
75	Inclusion	One Lagos	The document says Lagos is highly cosmopolitan and already has state-wide institutions and programmes, but argues delivery must be demonstrated division by division so that no community is invisible.	Engage the Lagos diaspora as a state asset. 133	Commitment
76	Security and Resilience	The Safety of Lagos	The document says Lagos has a substantial police-support and community-safety architecture, including the Security Trust Fund, Neighbourhood Safety Agency and security technology/equipment, but identifies street-level safety and enforcement challenges.	Deepen the Neighbourhood Safety Agency and treat the citizen as a co-architect of safety	Commitment
77	Security and Resilience	The Safety of Lagos	The document says Lagos has a substantial police-support and community-safety architecture, including the Security Trust Fund, Neighbourhood Safety Agency and security technology/equipment, but identifies street-level safety and enforcement challenges.	Deploy CCTV, drones, the central command and the predictive-policing architecture as a force multiplier	Commitment
78	Security and Resilience	The Safety of Lagos	The document says Lagos has a substantial police-support and community-safety architecture, including the Security Trust Fund, Neighbourhood Safety Agency and security technology/equipment, but identifies street-level safety and enforcement challenges.	Deepen officer welfare, accommodation, training and the Future Officer of the Law across the security and emergency services; enforce zero tolerance for intimidation, obstruction, vehicle damage or verbal abuse.	Commitment

#	Pillar	Area / Chapter	Current position stated in The Lagos Promise	Incoming administration promise	Document status
79	Security and Resilience	Resilient Lagos	The document says successive administrations have strengthened drainage, emergency response, environmental management, building safety and coastal protection; it cites LASEMA, LASEPA, LAWMA, LASBCA and the 2024 Lagos Climate Adaptation and Resilience Plan as part of the existing architecture.	Deliver coastal defense and flood resilience along the 180 km frontage, protecting the lagoon-side and low-lying communities	Commitment
80	Security and Resilience	Resilient Lagos	The document says successive administrations have strengthened drainage, emergency response, environmental management, building safety and coastal protection; it cites LASEMA, LASEPA, LAWMA, LASBCA and the 2024 Lagos Climate Adaptation and Resilience Plan as part of the existing architecture.	Improve air quality, expand green space, and plant trees aggressively across every division. We will defend the coast. Continued shoreline protection, including the Great Wall of Lagos at Eko Atlantic 141	Aspiration
81	Security and Resilience	Disaster Preparedness and Emergency Response	The document says Lagos has a mature emergency-management architecture: LASEMA operates 24/7, Fire and Rescue responds to emergencies, the Ambulance Service provides response, and the state has pandemic, flood, fire, collapse and industrial-accident experience.	Enhance LASEMA and the Emergency Operations Centre as the 24/7 coordinating spine across all nine hazard categories.	Commitment
82	Security and Resilience	Disaster Preparedness and Emergency Response	The document says Lagos has a mature emergency-management architecture: LASEMA operates 24/7, Fire and Rescue responds to emergencies, the Ambulance Service provides response, and the state has pandemic, flood, fire, collapse and industrial-accident experience.	Strengthen the Fire and Rescue Service and Ambulance Service, with pre-hospital emergency medicine from P.1.	Commitment
83	Security and Resilience	Disaster Preparedness and Emergency Response	The document says Lagos has a mature emergency-management architecture: LASEMA operates 24/7, Fire and Rescue responds to emergencies, the Ambulance Service provides response, and the state has pandemic, flood, fire, collapse and industrial-accident experience.	Build the multi-hazard early-warning, risk-mapping and hazard-register architecture	Commitment
84	Security and Resilience	Disaster Preparedness and Emergency Response	The document says Lagos has a mature emergency-management architecture: LASEMA operates 24/7, Fire and Rescue responds to emergencies, the Ambulance Service provides response, and the state has pandemic, flood, fire, collapse and industrial-accident experience.	Deliver community preparedness and drills through the Lagos Emergency Preparedness Window	Commitment
85	Security and Resilience	Smart Lagos	The document says Lagos is a major, fast-growing megacity with existing digital, transport, safety, health and government systems, but argues that data and sensors are not yet sufficiently consolidated into a real-time city operating architecture.	Strengthen the 767 and 112 emergency command centre and create a distinct Citizen Intervention Command Centre that takes every non-emergency report as a tracked case with an owner and timeline.	Commitment

86	Security and Resilience	Smart Lagos	The document says Lagos is a major, fast-growing megacity with existing digital, transport, safety, health and government systems, but argues that data and sensors are not yet sufficiently consolidated into a <u>real-time city operating architecture</u> .	Deepen the IoT and sensor inventory across safety, mobility, energy, environment and health	Commitment
87	Security and Resilience	Smart Lagos	The document says Lagos is a major, fast-growing megacity with existing digital, transport, safety, health and government systems, but argues that data and sensors are not yet sufficiently consolidated into a <u>real-time city operating architecture</u> .	Stand up the Lagos State Cyber Security Centre and the data sovereignty architecture	Commitment
88	Security and Resilience	Smart Lagos	The document says Lagos is a major, fast-growing megacity with existing digital, transport, safety, health and government systems, but argues that data and sensors are not yet sufficiently consolidated into a <u>real-time city operating architecture</u> .	Deliver a citizen-facing interface reachable by every Lagosian, including those without a smartphone	Commitment
89	Everyday Dignity	Home for Lagos	The document says successive administrations have invested in housing estates, land administration, physical planning and home-ownership opportunities, but rapid population growth is putting increasing pressure on ownership and rental supply.	Deliver affordable housing through the Ministry of Housing, LSDPC and LBIC pipelines, so decent shelter is within reach of ordinary households; build more LagosHOMS estates in Badagry, Epe and Ikorodu and use available land in Ikeja and Lagos Island for additional housing.	Commitment
90	Everyday Dignity	Home for Lagos	The document says successive administrations have invested in housing estates, land administration, physical planning and home-ownership opportunities, but rapid population growth is putting increasing pressure on ownership and rental supply.	Deliver a home-ownership pathway at 10 per cent down and single-digit interest	Commitment
91	Everyday Dignity	Home for Lagos	The document says successive administrations have invested in housing estates, land administration, physical planning and home-ownership opportunities, but rapid population growth is putting increasing pressure on ownership and rental supply.	Deliver planned, climate-resilient growth under the Lagos State Master Plan to 2050	Commitment
92	Everyday Dignity	Home for Lagos	The document says successive administrations have invested in housing estates, land administration, physical planning and home-ownership opportunities, but rapid population growth is putting increasing pressure on ownership and rental supply.	Protect the long-resident community in urban renewal through dignified consultation	Commitment
93	Everyday Dignity	Home for Lagos	The document says successive administrations have invested in housing estates, land administration, physical planning and home-ownership opportunities, but rapid population growth is putting increasing pressure on ownership and rental supply.	Collaborate with private developers and LSDPC to increase housing stock at affordable prices	Commitment

94	Everyday Dignity	Lagos in Motion	The document says Lagos has LAMATA, BRT, the Blue Line, Red Line, OMI EKO and a Lagos State Transport Policy, with major expansion underway; it proposes greater integration across modes.	Complete the Blue Line to Okokomaiko and connect the Red Line to the Blue Line at the National Theatre, while pursuing funding for the Green Line in partnership with MOFI.	Aspiration
95	Everyday Dignity	Lagos in Motion	The document says Lagos has LAMATA, BRT, the Blue Line, Red Line, OMI EKO and a Lagos State Transport Policy, with major expansion underway; it proposes greater integration across modes.	Expand and reform Bus Rapid Transit and the bus network across every division	Commitment
96	Everyday Dignity	Lagos in Motion	The document says Lagos has LAMATA, BRT, the Blue Line, Red Line, OMI EKO and a Lagos State Transport Policy, with major expansion underway; it proposes greater integration across modes.	Scale the OMI EKO ferry architecture across the lagoon by bringing 11 new electric ferries thereby reducing pollution and cost of transportation on water	Commitment
97	Everyday Dignity	Lagos in Motion	The document says Lagos has LAMATA, BRT, the Blue Line, Red Line, OMI EKO and a Lagos State Transport Policy, with major expansion underway; it proposes greater integration across modes.	Integrate rail, bus and ferry under one transport card, with accessible, road- safe mobility for all	Commitment
98	Everyday Dignity	Lagos in Motion	The document says Lagos has LAMATA, BRT, the Blue Line, Red Line, OMI EKO and a Lagos State Transport Policy, with major expansion underway; it proposes greater integration across modes.	We commit to building bus terminals across IBILE. We will keep enhancing the existing system, one ticket, one timetable through the Cowry Card. Rail, bus, ferry and road brought together	Commitment
99	Everyday Dignity	Cost of Living	The document says Lagos has responded to household pressure through investments in transport, housing, food systems, healthcare, education, employment and social protection, but says rising food, housing, transport, energy and healthcare costs continue to strain household budgets.	Lift the income-side capacity of every working household through the MSME, entrepreneurship and cooperative pipelines	Aspiration

100	Everyday Dignity	Cost of Living	The document says Lagos has responded to household pressure through investments in transport, housing, food systems, healthcare, education, employment and social protection, but says rising food, housing, transport, energy and healthcare costs continue to strain household budgets.	Harmonise levies, taxes and fees paid by small businesses. OUR COMMITMENT This manifesto, The LAGOS PROMISE, begins with a simple belief; government exists to improve the everyday lives of the people it serves. That belief runs through every page of this document. It is why we have committed to stronger local governments, a public service built on merit, a justice system that is fair and timely, a government that is simpler and more responsive, institutions that are transparent and accountable and opportunities that allow every Lagosian to fulfil their potential. Different pillars. One purpose. To build a Lagos where government continues to improve, where opportunity grows and every Lagosian can face tomorrow with confidence. That purpose builds upon the strong foundations established through successive administrations and the progress accelerated under the THEMES+ Agenda while recognising that the true measure of continuity is The LAGOS PROMISE, begins with a simple belief; government exists to improve the everyday lives of the people it serves	Commitment

Source & Method

Scope: 100 distinct pledge-table entries were extracted from The Lagos Promise.

The document contains a narrative reference to “The Pledge of the Open Door”; this was not treated as a separate pledge-table entry.

Current-position statements are document-derived summaries, not independent verification of Lagos State Government performance.

Incoming-administration promises are transcribed/cleaned from the pledge text while preserving the document’s meaning.
